

Personal Injury

**A DEDICATED SERVICE FOR
VICTIMS OF ACCIDENTS,
ILLNESSES AND DISEASES**

PERSONAL INJURY

Pictons is a major regional law firm with an established reputation as one of the leading legal firms in Hertfordshire, Bedfordshire and Buckinghamshire.

We have a specialist personal injury department and for more than 40 years we have successfully represented clients in all types of personal injury claims, including accidents at work, road accidents, trips and slips and industrial diseases.

Our specialist team of personal injury lawyers will help you to pursue your claim with speed and sensitivity. Our service is friendly and professional. We will keep you updated about what is happening with your claim and will explain the process in plain language, so that you can make informed decisions about matters that might affect your future.

Our team is supported by experienced barristers and independent medical and other experts, who will ensure the best possible presentation of your case at all times.

OUR TEAM

Pictons has offices in Hemel Hempstead, Luton and Milton Keynes. Our personal injury team, based in Luton, is led by John Wardley and Mark Wardrop, lawyers with many years' experience of personal injury claims.

John, Mark and senior solicitors Emma Anthony and Tracey Emmott are members of the Law Society's Personal Injury panel, which is only open to personal injury lawyers with proven expertise.

All members of the team belong to the Association of Personal Injury lawyers, an organisation committed to the proper compensation of accident victims.

FUNDING

Initially we will discuss your case and agree with you the best way forward. After that, we offer a flexible approach to funding with a range of options, including:

- Legal Expenses Insurance
 - Conditional 'No win – no fee' fee agreement
 - Private funding, including preliminary investigation for an agreed fee
- 

REHABILITATION

Often monetary compensation is not enough. As subscribers to APIL's Best Practice Guide on Rehabilitation, we are committed to ensuring that our clients recover from their injuries as quickly as possible.

We will therefore take into account whether early treatment would assist you, in which case we would aim to arrange it for you sooner than might otherwise be the case.
